COLUMBUS, Ind.--(BUSINESS WIRE)--Feb. 6, 2019-- Cummins Inc. (NYSE: CMI) today reported results for the fourth quarter of 2018.

Fourth quarter revenues of \$6.1 billion increased 12 percent from the same quarter in 2017. Increased truck production in North America and stronger demand in global construction and power generation markets drove the majority of the revenue increase. Currency negatively impacted revenues by 2 percent primarily due to a stronger US dollar.

Fourth quarter sales in North America improved by 17 percent while international revenues increased by 6 percent led by growth in Europe, Asia Pacific, and Latin America.

Earnings before interest, taxes, depreciation and amortization (EBITDA) in the fourth quarter were \$896 million, or 14.6 percent of sales, compared to \$769 million or 14.0 percent of sales a year ago, or \$808 million and 14.8 percent of sales excluding the impact of tax legislation. Fourth quarter results included EBITDA loss of \$58 million related to a write-off of an investment in an electronic logging device or ELD business, and the mark to market impact on assets related to our non-qualified benefit plans.

Net income attributable to Cummins in the fourth quarter was \$579 million (\$3.63 per diluted share), compared to a net loss of \$274 million (\$1.65 per diluted share), or \$503 million (\$3.03 per diluted share) excluding the impact of tax legislation in the fourth quarter of 2017. Fourth quarter results were positively impacted by \$25 million in discrete tax items and the impact of tax reform. Excluding these items, net income attributable to Cummins in the fourth quarter was \$554 million (\$3.48 per diluted share). The tax rate in the fourth quarter was 14.1 percent.

Revenues for the full year were a record \$23.8 billion, 16 percent higher than 2017. Revenues in North America increased 19 percent and international sales grew 12 percent, with growth in all major regions. EBITDA for the year was a record \$3.5 billion or 14.6 percent of sales. This compares to \$3.0 billion or 14.8 percent of sales in 2017, or \$3.1 billion or 15.0 percent of sales excluding the impact of tax legislation.

Net income attributable to Cummins for the full year was \$2.1 billion (\$13.15 per diluted share), compared to a net income of \$999 million (\$5.97 per diluted share), or \$1.8 billion (\$10.62 per diluted share) excluding the impact of tax legislation. The tax rate for the full year was 20.6 percent, or 21.1 percent excluding the favorable impact of discrete tax items.

"I want to thank the more than 60,000 global employees who made our 2018 record sales and profits a reality," said Chairman and CEO Tom Linebarger. "2019 is an historic year for Cummins as we celebrate the 100th anniversary of our company, and project another record year of financial results. Our financial strength allows us to continue investing and innovating across our broad portfolio of power solutions to remain a global technology leader for the next 100 years while continuing to return significant capital to investors."

2019 Outlook:

Based on the current forecast, Cummins projects full year 2019 revenues to be flat to up 4 percent, and EBITDA to be in the range of 15.75 to 16.25 percent of sales. The Company expects to return 75 percent of Operating Cash Flow to shareholders in 2019 in the form of dividends and share repurchases.

2018 Highlights:

- The Company returned \$1.9 billion or 78 percent of Operating Cash Flow to shareholders in the form of dividends and share repurchases
- On International Women's Day 2018, Cummins launched the Cummins Powers Women program, our commitment to the advancement and prosperity of women and girls around the world
- Cummins was named to Ethisphere's 2018 list of World's Most Ethical Companies for a 11th consecutive year by the Ethisphere Institute
- DiversityInc named Cummins one of the Top 50 Companies for Diversity for a 12th consecutive year. Cummins ranked No. 12 on the 2018 annual list, which included more than 1,000 participating companies
- Cummins received the highest ranking possible for its environmental and social performance from Institutional Shareholder Services (ISS), a key source of information for institutional investors
- Announced the creation of the Electrified Power Business Segment and completed the acquisition of Silicon Valley-based Efficient Drivetrains, Inc. (EDI), which designs and produces hybrid and fully- electric power solutions for commercial vehicle markets, and Johnson Matthey Battery Systems.

Forward-looking disclosure statement

Information provided in this release that is not purely historical are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding our forecasts, guidance, preliminary results, expectations, hopes, beliefs and intentions on strategies regarding the future. These forward looking statements include, without limitation, statements relating to our plans and expectations for our revenues and EBITDA percentage for the full year of 2019. Our actual future results could differ materially from those projected in such forward-looking statements because of a number of factors, including, but not limited to: the adoption and implementation of global emission standards; the price and availability of energy; the pace of infrastructure development; increasing global competition among our customers; general economic, business and financing conditions; governmental action; changes in our customers' business strategies; competitor pricing activity; expense volatility; labor relations; and (i) a sustained slowdown or significant downturn in our markets; (ii) our truck manufacturing and OEM customers discontinuing outsourcing their engine needs; (iii) the development of new technologies; (iv) the discovery of any significant additional problems with our engine platforms or aftertreatment systems in North America; (v) performance or safety-related recalls; (vi) policy changes impacting international trade; (vii) the United Kingdom's decision to end its membership in the European Union; (viii) lower than anticipated market acceptance of our new or existing products or services; (ix) a slowdown in infrastructure development and/or depressed commodity prices; (x) vulnerability to supply chain shortages from single-sourced suppliers; (xi) potential security breaches or other disruptions to our information technology systems and data security; (xii) financial distress or a change-in-control of one of our large truck OEM customers; (xiii) our reliance on significant earnings from investees that we do not directly control; (xiv) our pursuit of strategic acquisitions and divestitures; and (xv) other risks detailed from time to time in our Securities and Exchange Commission filings, including particularly in the Risk Factors section of our 2017 Annual Report on Form 10-K. Shareholders, potential investors and other readers are urged to consider these factors carefully in evaluating the forward-looking statements and are cautioned not to place

undue reliance on such forward-looking statements. The forward-looking statements made herein are made only as of the date of this press release and we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. More detailed information about factors that may affect our performance may be found in our filings with the Securities and Exchange Commission, which are available at <http://www.sec.gov> or at <http://www.cummins.com> in the Investor Relations section of our website.

Presentation of Non-GAAP Financial Information

EBITDA is a non-GAAP measure used in this release, and is defined and reconciled to what management believes to be the most comparable GAAP measure in a schedule attached to this release. Cummins presents this information as it believes it is useful to understanding the Company's operating performance, and because EBITDA is a measure used internally to assess the performance of the operating units.

We believe net income and diluted earnings per share attributable to Cummins Inc. excluding Tax Legislation and other discrete tax items is a useful measure of our operating performance without regard to Tax Legislation and discrete tax adjustments. These measures are not in accordance with, or an alternative for GAAP and may not be consistent with measures used by other companies.

Webcast information

Cummins management will host a teleconference to discuss these results today at 10 a.m. EST. This teleconference will be webcast and available on the Investor Relations section of the Cummins website at www.cummins.com. Participants wishing to view the visuals available with the audio are encouraged to sign-in a few minutes prior to the start of the teleconference.

INCOME TAXES

Our effective tax rates for the three months and the year ended December 31, 2018, were 14.1 percent and 20.6 percent, respectively.

The three months ended December 31, 2018, contained \$51 million, or \$0.32 per share, of favorable net discrete tax items, primarily due to \$36 million of favorable discrete tax items related to the 2017 Tax Cuts and Jobs Act (Tax Legislation) and \$15 million of other favorable discrete tax items. The year ended December 31, 2018, contained \$14 million, or \$0.09 per share, of favorable net discrete tax items, primarily due to \$26 million of other favorable discrete tax items, partially offset by \$12 million of unfavorable discrete tax items related to the 2017 Tax Legislation.

On December 22, 2017, the U.S. enacted Tax Legislation which, among other things, changed the U.S. statutory rate to 21 percent effective January 1, 2018. The impact of the Tax Legislation resulted in a net incremental charge to our 2017 *Condensed Consolidated Statements of Income* of \$777 million. The 2018 charges reflect final adjustments and subsequent guidance issued by the Internal Revenue Service. The components of the 2018 and 2017 charges were as follows:

In millions	Impact of Tax Legislation			
	Three months ended December 31, 2018		Years ended December 31, 2017	
Income tax (benefit) expense	\$ (36)	\$ 781	\$ 12	\$ 781
Decrease in equity, royalty and other income from investees	—	39	3	39
Decrease (increase) in income attributable to noncontrolling interests ⁽¹⁾	26	(43)	24	(43)
Net impact of Tax Legislation (benefit) expense	\$ (10)	\$ 777	\$ 39	\$ 777

(1) Noncontrolling interest was adjusted for withholding taxes on foreign earnings which changed the income eliminated for Cummins ownership interest attributable to Cummins India, Ltd.

The effective tax rates for the three months and year ended December 31, 2017, were 151.8 percent and 58.0 percent, respectively.

The change in the effective tax rate for the three months and year ended, December 31, 2018, versus the comparable periods in 2017, was primarily due to lower U.S. tax rates in 2018 associated with Tax Legislation and the significant 2017 Tax Legislation expenses in 2017.

We expect our 2019 effective tax rate to be 21.5 percent, excluding any discrete tax items.

PENSIONS AND OTHER POSTRETIREMENT BENEFITS

On January 1, 2018, we retroactively adopted the new accounting standard related to the presentation of pension and other postretirement benefit costs, which resulted in the adjustment of prior period balances in the *Condensed Consolidated Statements of Income* by the following amounts:

FINANCIAL MEASURES THAT SUPPLEMENT GAAP (Unaudited)

Reconciliation of Non GAAP measures - Earnings before interest, income taxes, noncontrolling interests, depreciation and amortization (EBITDA)

Effective January 1, 2018, we use EBITDA as a primary basis for the Chief Operating Decision Maker to evaluate the performance of each of our operating segments and our consolidated results. It is also a component in measuring our variable compensation programs. We believe EBITDA is a useful measure for our operating performance as it assists investors and debt holders in comparing our performance on a consistent basis without regard for financing methods, capital structure, income taxes or depreciation and amortization methods, which can vary significantly depending upon many factors. Our 2017 and 2016 EBITDA measures, as restated, were as follows:

In millions	Engine	Distribution	Components	Power Systems	Total Segment	Intersegment Eliminations	Total
2017							
Q1	\$ 273	\$ 130	\$ 216	\$ 85	\$ 704	\$ 1	\$ 705
Q2	323	127	228	90	768	(4)	764
Q3	276	120	259	111	766	22	788
Q4	271	123	214	125	733	36	769
2017 Total	\$ 1,143	\$ 500	\$ 917	\$ 411	\$ 2,971	\$ 55	\$ 3,026
2016 Total	\$ 849	\$ 508	\$ 774	\$ 378	\$ 2,509	\$ 17	\$ 2,526

EBITDA is not in accordance with, or an alternative for, accounting principles generally accepted in the United States (GAAP) and may not be consistent with measures used by other companies. It should be considered supplemental data; however, the amounts included in the EBITDA calculation are derived from amounts included in the *Condensed Consolidated Statements of Income*. Below is a reconciliation of "Net income attributable to Cummins Inc." to EBITDA for each of the applicable periods:

Net income and diluted earnings per share (EPS) attributable to Cummins Inc. excluding Tax Legislation and other discrete tax items

We believe these are useful measures of our operating performance for the periods presented as they illustrate our operating performance without regard to Tax Legislation and other discrete tax adjustments. These measures are not in accordance with, or an alternative for GAAP and may not be consistent with measures used by other companies. This should be considered supplemental data. The following table reconciles net income and diluted EPS attributable to Cummins Inc. to net income and diluted EPS attributable to Cummins Inc. excluding Tax Legislation and other discrete tax items for the following periods:

In millions, except per share amounts	Three months ended December 31,
