About the Exchange Offer

In May 2023, an initial public offering of approximately 19.5% of Atmus Filtration Technologies Inc. (Atmus) common stock was completed. Cummins Inc. (Cummins) retained the remaining outstanding shares of, and a controlling stake in, Atmus. Cummins is offering its stockholders the opportunity to exchange shares of Cummins common stock for shares of Atmus common stock (the exchange offer), subject to the terms of the exchange offer described in the Prospectus, dated February 14, 2024 (the Prospectus).

Cummins Retirement and Savings Plan (RSP)¹ participants who have an RSP balance in Cummins stock are currently eligible to participate in the exchange offer. Our records indicate that you do not have an RSP balance in Cummins stock. If you want to participate, you need to contribute or transfer money to the Cummins Stock Fund and provide your election by 4:00 p.m. ET on March 11, 2024 (the date the RSP exchange offer election period ends).

This guide, the Prospectus, and other important information about the exchange offer can be found on the RSP website at yourbenefitsresources.com/cummins. Click the "Cummins Atmus Stock Exchange Offer" message at the top of the home page.

Participation in the exchange offer is entirely voluntary. If you choose not to participate, no action is required.

¹ "RSP" refers to both the Cummins Retirement and Savings Plan and the Cummins Retirement and Savings Plan for Certain Collectively Bargained Employees. These are the only retirement plans eligible for the exchange offer.

How to Make Your Election

If you wish to participate in the exchange offer through the RSP, you must:

- Hold units (i.e., have a balance) in the Cummins Stock Fund on March 11, 2024. Your election will be applied to the units you hold after all requested daily transactions are processed.
- Make your election online by 4:00 p.m. ET on March 11, 2024.

To make an election, you need a Trustee Direction Form with a personalized 16-digit control number.

You did not receive a Trustee Direction Form since you do not have a balance in the Cummins Stock Fund. If you choose to contribute or transfer a portion of your current RSP balance to the Cummins Stock Fund, you will receive a new package that includes a personalized Trustee Direction Form. You will need the Trustee Direction Form to submit an election for your Cummins Stock Fund units. Please allow sufficient time so that you can receive your Trustee Direction Form and make an election before the exchange offer election period deadline at 4:00 p.m. ET on March 11, 2024.

Key Terms to Know

Exchange offer	The exchange offer is the offer by Cummins to its shareholders to exchange shares of Cummins common stock for shares of Atmus common stock. This exchange offer is available to all Cummins shareholders, including RSP participants invested in the Cummins Stock Fund.
Units	Ownership of the Cummins Stock Fund in the RSP is expressed as units . Your balance in the fund is the number of units you own times the current value of each unit. While the Cummins Stock Fund invests primarily in Cummins stock, it also holds cash and short-term investments in order to facilitate daily transactions such as fund transfers and distributions. That is why the holdings are expressed in units , rather than shares. Once established, the new Atmus Stock Fund in the RSP will also be expressed in units.
Cost basis	Cost basis is the value of the units you have in the Cummins Stock Fund from when they were originally allocated to the Fund. If you have a balance in the Cummins Stock Fund, you can find the cost basis for the Cummins Stock Fund on the RSP website at yourbenefitsresources.com/cummins . Under the "RSP & Pension" tab, select "Investments" on the RSP menu. Under "Retirement and Savings Plan Portfolio," you will see your cost basis listed as "Cost" for the Cummins Stock Fund. For additional information, refer to the exchange offer FAQs.
Exchange ratio	The exchange ratio is the number of shares of Atmus stock that will be received for each share of Cummins stock accepted under the exchange offer. Your units of a Cummins stock fund accepted into the exchange offer will be: <div style="display: flex; align-items: center; justify-content: center; gap: 10px;"> <div style="border: 1px solid gray; border-radius: 10px; padding: 5px; text-align: center; width: 150px;">Your units in that fund at the offer deadline</div> × <div style="border: 1px solid gray; border-radius: 10px; padding: 5px; text-align: center; width: 150px;">The percent you elected to include in the exchange</div> × <div style="border: 1px solid gray; border-radius: 10px; padding: 5px; text-align: center; width: 150px;">The oversubscription ratio</div> </div> <p>Note: The exchange ratio and oversubscription ratio are not currently available and the calculation above will happen after the close of the exchange offer election period.</p>
Oversubscribed OR Oversubscription ratio	Cummins will set a limit on how many shares of Cummins stock can be exchanged for Atmus stock. If shareholders request to exchange more Cummins stock than the limit, the exchange offer will be oversubscribed and Cummins will establish an oversubscription ratio to determine what portion of shares offered will be accepted for exchange. This oversubscription ratio is the maximum number of Cummins shares allowed in the exchange offer divided by the total shares offered in the exchange. For example, if shareholders offer two (2) times the limit, only 50% of shares offered from each shareholder for the exchange will be accepted. Similarly, if four (4) times the limit is offered, only 25% of shares offered from each shareholder will be accepted. ²

² In general, the oversubscription ratio will apply equally to all shareholders participating in the exchange offer, including those participating through the RSP. However, some very small offer amounts from shareholders outside of the RSP may be accepted before the oversubscription ratio is applied.
