Exchange Offer

Last Updated: February 15, 2024

Cummins and Company Investor Information

On February 14, 2024, Cummins Inc., an Indiana corporation ("Cummins"), commenced an offer to exchange (the "Exchange Offer") up to an aggregate of 67,054,726 shares of common stock, par value \$0.0001 per share ("Atmus Common Stock"), of Atmus Filtration Technologies Inc., a Delaware corporation ("Atmus"), for outstanding shares of common stock, par value \$2.50 per share ("Cummins Common Stock"), of Cummins that are validly tendered and not properly withdrawn as further described in the prospectus (the "Prospectus") included in the registration statement on Form S-4 (the "Registration Statement") filed by Atmus with the U.S. Securities and Exchange Commission (the "SEC") on February 14, 2024.

The Exchange Offer is intended to permit you to exchange your shares of Cummins Common Stock for shares of Atmus Common Stock at a 7% discount to the per-share value of Atmus Common Stock through an exchange ratio calculated as set forth in this prospectus subject to the upper limit described below. For each \$100 of Cummins Common Stock accepted in the Exchange Offer, you will receive approximately \$107.53 of Atmus Common Stock, subject to an upper limit of 13.3965 shares of Atmus Common Stock per share of Cummins Common Stock. The Exchange Offer does not provide for a lower limit or minimum exchange ratio. See "*The Exchange Offer — Terms of the Exchange Offer*" in the Prospectus. IF THE UPPER LIMIT IS IN EFFECT, YOU MAY RECEIVE LESS THAN \$107.53 OF ATMUS COMMON STOCK FOR EACH \$100 OF CUMMINS COMMON STOCK THAT YOU TENDER, AND YOU COULD RECEIVE MUCH LESS.

The value of the two stocks for purposes of the preceding paragraph and the Exchange Offer will be determined by reference to the simple arithmetic average of the daily volume-weighted average prices ("VWAPs") of Cummins Common Stock (the "Average Cummins Price") and Atmus Common Stock (the "Average Atmus Price") on the New York Stock Exchange ("NYSE") during the three consecutive trading days ending on and including the second trading day immediately preceding the expiration date of the Exchange Offer (the "Averaging Dates" and this three-day period, the "Averaging Period"), which, if the Exchange Offer is not extended or terminated, would be March 7, 8 and 11, 2024. See "*The Exchange Offer — Terms of the Exchange Offer*" in the Prospectus.

Cummins will provide on this website the daily VWAPs of both Cummins Common Stock and Atmus Common Stock during the pendency of the Exchange Offer. Prior to the Averaging Period, commencing on the third trading day of the Exchange Offer, this website will also provide indicative exchange ratios for each day that will be calculated based on the indicative calculated per-share values of Cummins Common Stock and Atmus Common Stock on each day, calculated as though that day were the last day of the Averaging Period, by 4:30 p.m., New York City time. In other words, assuming that a given day is a trading day, the indicative exchange ratio will be calculated based on the simple arithmetic average of the daily VWAPs of Cummins Common Stock and Atmus Common Stock for that day and the immediately preceding two trading days. The indicative exchange ratio will also reflect whether the upper limit would have been in effect had such day been the last day of the Averaging Period.

During the first two days of the Averaging Period, the website will provide indicative exchange ratios that will be calculated based on the Average Cummins Price and Average Atmus Price, as calculated by Cummins based on data reported by Bloomberg L.P. (or any other recognized quotation source selected by Cummins in its sole discretion if such source is not available or is manifestly erroneous). The website will not provide an indicative exchange ratio on the third day of the Averaging Period. The indicative exchange ratios will be calculated as follows: (i) on the first day of the Averaging Period, the indicative exchange ratio will be calculated based on the daily VWAPs of Cummins Common Stock and Atmus Common Stock for that first day of the Averaging Period, and (ii) on the second day of the Averaging Period, the indicative exchange ratio will be calculated based on the simple arithmetic average of the daily VWAPs of Cummins Common Stock and Atmus Common Stock for the first and second days of the Averaging Period. During the first two days of the Averaging Period, the indicative exchange ratios will be updated on the website each day by 4:30 p.m., New York City time. The final exchange ratio

On the first day of the Averaging Period, the indicative exchange ratio will be updated on the website each day by 4:30 p.m., New York City time. The final exchange ratio, including whether the upper limit on the number of shares of Atmus Common Stock that can be received for each share of Cummins Common Stock validly tendered is in effect, will be announced by press release and be available on the website by 5:30 p.m., New York City time, on the second trading day immediately preceding the expiration date of the Exchange Offer (which date, if the Exchange Offer is not extended or terminated, would be March 13, 2024).

The Exchange Offer and withdrawal rights will expire at 12:00 midnight, New York City time, at the end of the day on the expiration date of the Exchange Offer (which, if the Exchange Offer is not extended or terminated, would be March 13, 2024), unless the Exchange Offer is extended or terminated. Cummins may extend the Exchange Offer in the circumstances described in "The Exchange Offer — Extension; Amendment — Extension or Amendment by Cummins" in the Prospectus.

All holders who are tendering shares (or units in respect of shares) of Cummins Common Stock allocated to their Cummins Retirement and Savings Plan and Cummins Retirement and Savings Plan for Certain Collectively Bargained Employees (together, the "RSP") accounts must provide the directions, as outlined in the special instructions provided to them by or on behalf of the RSP plan administrator, before 4:00 PM, New York City time, on March 11, 2024. If the Exchange Offer is extended, and if administratively feasible, the deadline for receipt of the holder's direction also may be extended.

If the Exchange Offer is oversubscribed and Cummins cannot accept all tenders of Cummins Common Stock at the exchange ratio, then all shares of Cummins Common Stock that are validly tendered will generally be accepted for exchange on a pro rata basis in proportion to the number of shares validly tendered, which is referred to as "proration." Stockholders who beneficially own "odd-lots" (less than 100 shares) of Cummins Common Stock and who validly tender all of their shares will not be subject to proration. Direct or beneficial holders of 100 or more shares of Cummins Common Stock will be subject to proration. In addition, shares (or units in respect of shares) held on behalf of participants in the RSP (each of which holds more than 100 shares of Cummins Common Stock) will be subject to proration.

If the Exchange Offer is consummated but less than all shares of Atmus Common Stock offered by Cummins in the Exchange Offer are exchanged because the Exchange Offer is not fully subscribed, Cummins intends to make a tax-free distribution to its shareholders of the shares of Atmus Common Stock that were offered but not exchanged in the Exchange Offer effected as a dividend on a pro rata basis (the "clean-up spin-off") to holders of Cummins Common Stock as of the record date. The record date for the clean-up spin-off, if any, will be announced by Cummins. As a result, any remaining shares of Atmus Common Stock offered by Cummins that are not exchanged in the Exchange Offer will be distributed on a pro rata basis to Cummins shareholders whose shares of Cummins Common Stock remain outstanding following the consummation of the Exchange Offer and are holders of record as of the applicable record date. Because the record date for the clean-up spin-off, if any, will occur following the completion of the Exchange Offer, holders of shares of Cummins Common Stock validly tendered and accepted and exchanged in the Exchange Offer will not participate in the clean-up spin-off (unless they otherwise own shares of Cummins Common Stock that were not tendered and accepted for exchange in the Exchange Offer as of the relevant record date).

The completion of the Exchange Offer is subject to certain conditions as specified in the Prospectus. Cummins may waive any or all of the conditions to the Exchange Offer, subject to limited exceptions.

The information on this website is being provided solely in connection with the Exchange Offer and should not be used for any other purpose. You should refer to the Prospectus for additional information about the Exchange Offer. date, if the Exchange Offer is not extended or terminated, would be March 11, 2024).
